Tauro Black

Highbay Luminaire with Specialised Optics

Installation Instructions

NOTE: All electrical work must be carried out by a licensed electrician as per the latest AS 3000 wiring regulations. This luminaire contains non-user replaceable lamps.

The light must be operated within its specified operating parameters and in accordance with our warranty requirements. These documents are available on our website.

Mounting using the Single Point Mounting Bracket

Included in box: * Small black brackets + screws * Single point mounting bracket * Adjustable stainless steel wires with hooks

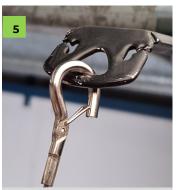

Mount brackets onto the ends of the Tauro Black fitting using a 4 mm Allen key.

Clip the hook onto the bracket.

Secure the mounting bracket using a 10mm bolt and nut. Alternatively, mount bracket onto a purlin clip (not supplied) and secure onto purlin.

Clip the hooks into the holes on the single point mounting bracket.

Press down on the adjustment toggle to adjust the mounting height and to bring the fitting level.

The integrated level assists with the adjustment process.

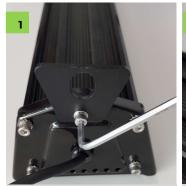

Models >120W must be suspended at least 600mm from the mounting bracket to allow for correct loading.

Key Luminaire Specifications							
Model	Version	Power Rating	Ambient Temperature	IP Rating	IK Rating	Dimensions	Weight
TB30	Tauro Black 30W	220-240V 50/60Hz, 30W	-30°C to +50°C	IP65	IK10	280x137x102mm	1.9kg
TB60	Tauro Black 60W	220-240V 50/60Hz, 60W	-30°C to +50°C	IP65	IK10	486x137x102mm	3.4kg
